If your children have Medicaid and are under the age of 21, they have Healthy Kids Dental.

If eligible, your children will be enrolled in HKD and will automatically receive a welcome kit with their ID cards in the mail.

## Healthy Smile, Healthy Child

Having a healthy mouth is smart. Kids may miss less school, make friends more easily, speak more clearly and learn better in class when they have healthy teeth and mouths.

## Seeing a Dentist is Important

Besides brushing twice a day, seeing a dentist twice a year can help keep your children's mouths healthy and teeth cavity-free.

Kids should see a dentist when their first tooth appears or no later than their first birthday.

When you call to make an appointment, tell them you have **Healthy Kids Dental.**

To receive services at no cost to you, your children must see an HKD dentist. You may switch to another HKD dentist at any time. If you see a dentist who doesn't accept HKD, you may have to pay for provided services.

When children see an HKD dentist, they can receive dental exams, cleanings, X-rays, fillings, fluoride treatments, sealants and more **AT NO COST TO YOU.**

As a wisdom tooth, I know seeing the dentist twice a year is a smart idea. **So, if you have HKD, use it!**

**8 out of 10** Michigan dentists accept HKD.
