IMPORTANT NOTE: You do not need to select a dentist to provide orthodontic care at enrollment. To receive the maximum benefits under your plan, you must seek treatment from an orthodontic care dentist listed in this directory. If you seek treatment from an orthodontic care dentist not listed, any charges above your plan maximum benefit will be your responsibility.

There are important financial considerations for DeltaCare members and their eligible dependents in orthodontic treatment before DeltaCare enrollment. You are urged to contact DeltaCare's Customer Services Department before enrolling.

These dentists are independent contractors and not employees of Delta Dental. The dentist is solely responsible for managing the dentist-patient relationship. Every effort has been made to prepare this directory accurately, but Delta Dental assumes no responsibility for possible mistakes or omissions. If any questions should arise concerning the status of a dentist, it is suggested that the information be obtained directly from his or her facility rather than from this directory.
