Delta Dental PPO dentists have <b>agreed to charge \$754 for the \$1,100 service, a savings of \$346</b> . Your <b>Delta Dental plan covers 50 percent</b> of the cost. Assuming you've already met your deductible for the year, <b>Delta Dental will pay \$377 and you'll pay \$377</b> .	Delta Dental Premier dentists have <b>agreed to charge \$988—a savings of \$112</b> compared to the fee the dentist usually charges. Delta Dental's payment is based on the Delta Dental PPO fee schedule amount of \$754. Assuming you've met your deductible, <b>Delta Dental will cover 50 percent</b> of that \$754, <b>paying \$377</b> . With a Delta Dental PPO (Standard) plan, the dentist can bill you the difference between Delta Dental's payment and the Delta Dental Premier maximum allowed fee, leaving <b>you to pay \$611</b> .	Out-of-network dentists <b>have not agreed to charge lower fees and can bill the full \$1,100</b> . Delta Dental's payment is based on the Delta Dental PPO fee schedule, which means <b>Delta Dental's pays \$377</b> . The dentist can bill you the difference between Delta Dental's payment and what they charge. This leaves <b>you with a bill of \$723, which includes the \$346 the out-of-network dentist can "balance bill."</b>

NOTE: Payment examples above are illustrative only. Fees and reimbursements can vary by location and dentist. They do however represent how payment is determined.
