

Earn Tuition Assistance With Delta Dental!

College is expensive—Delta Dental is easing the burden of tuition through an exciting partnership with SAGE Scholars Tuition Rewards®.

Delta Dental PPOSM participating dentists and their staff may earn Tuition Rewards points for each year they continue to participate in the Delta Dental PPO network in Michigan, Ohio or Indiana. Those points can then be applied toward tuition at participating colleges and universities for children, stepchildren, grandchildren, nieces or nephews, and godchildren.

Here's how it works:

- One Tuition Rewards point is the equivalent of \$1 in tuition at a participating college or university.
- Delta Dental PPO participating dentists can earn up to 5,000 points per year (\$5,000 in tuition).
- Dental office staff can earn up to 3,000 points per year (\$3,000 in tuition).
- The dentist and staff (the sponsors) allocate points for use by qualifying loved ones, reducing out-of-pocket tuition cost.

Tuition Rewards can be used at nearly 400 participating private colleges and universities across the nation, with 80 percent of those ranked among America's Best by U.S. News and World Report.

Help children achieve their dreams, and join Delta Dental in investing in brighter futures.
