COVERAGE FEATURES

- ◆ Your dental plan encourages preventive dental care.
- ◆ Your dental coverage helps to pay for dental care for you and each of your eligible dependents.
- ◆ A pre-treatment estimate provision provides you and the dentist with an advance estimate of the dental benefits available.
- ◆ You should continue to discuss your dentist's charges with the dentist in advance of any treatment to determine your share of the cost.
- ◆ You may receive treatment from any licensed dentist. However, your out-of-pocket costs may be higher with a Non-PPO Dentist.
- ◆ This Plan does not cover certain dental services and procedures. These exclusions are listed in this certificate.
- ◆ For most commonly performed non-covered services that are completed by a participating dentist, you will only be responsible for the Delta Dental maximum approved fee.

Delta Dental of Michigan administers the program for the Michigan Public School Employees' Retirement System. Coverage and future modifications in coverage and coinsurance and deductible requirements are possible and jointly vested by law in the Michigan Department of Technology, Management and Budget and the Michigan Public School Employees' Retirement Board.

This coverage is provided under a contract in the state of Michigan and shall be construed under the jurisdiction of and according to the laws of Michigan.

HOW TO USE YOUR DENTAL COVERAGE

Your Identification Card

Show your Delta Dental identification card (see example) when using your Michigan Public School Employees' Retirement System Dental Plan (This Plan or the Dental Plan) because it contains the following helpful information:

- ◆ Delta Dental's logo and This Plan name – These indicate to dentists that This Plan has a group-specific dental plan.

Example of a Delta Dental identification card:

- Logo: DELTA DENTAL
- Plan Name: Michigan Public School Employees' Retirement System
- NAME: [Redacted]
- CLIENT: MICHIGAN PUBLIC SCHOOL EMPLOYEES' RETIREMENT SYSTEM
- CLIENT NO.: 3250-1001
- SUBSCRIBER ID: [Redacted]

- ◆ Subscriber name – Your name (first, last) will appear here. The names of your enrolled dependents (including your spouse) are not shown on the identification card but are listed on Delta Dental's records.
- ◆ Client number (3250) – This four-digit number indicates you are covered by the Michigan Public School Employees' Retirement System Dental Plan.
- ◆ Subscriber ID – This randomly generated nine-digit ID number identifies you under This Plan. Please give this number to your dentist at your next appointment.

The reverse side of the card provides Delta Dental's mailing address and toll-free telephone number.

Remember these important points about your ID card:

- ◆ Your card is designed for easy access to important information regarding your dental coverage. Your card is not a guarantee of coverage.
- ◆ If your card is damaged, lost, or stolen, contact Delta Dental for a replacement.

When calling or writing, be sure to communicate the following information:

- ◆ Your name.
- ◆ Your client number and Subscriber ID number.
- ◆ A daytime telephone number where you can be reached.

CHOOSING A DENTIST

With your retirement system's dental plan, you may make an appointment with any dentist: a Delta Dental PPO Dentist, a Delta Dental Premier Dentist, or a nonparticipating dentist. However, your costs will likely be lowest when you go to a Delta Dental PPO Dentist. To verify that a dentist is a participating dentist, you can use Delta Dental's online Dentist Directory at

www.DeltaDentalMI.com/MPSEERS or call **800-345-8756**. Be sure to tell the dentist to submit claims to:

Delta Dental of Michigan
P.O. Box 9085
Farmington Hills, MI 48333-9085

Delta Dental PPO Dentists

While you may choose any dentist, your out-of-pocket costs are likely to be less if you go to a Delta Dental PPO Dentist (PPO Dentist). PPO Dentists agree to accept payment according to the Delta Dental PPO Dentist Schedule, and, in most cases, this results in a reduction of their fees. Delta Dental will also pay a higher percentage for some covered services if you go to a PPO Dentist.

If the dentist you select is not a PPO Dentist, you will still be covered. However, you may have to pay more than just your coinsurance. Your coverage levels may be lower, and your out-of-pocket expenses will vary depending on whether the dentist participates in Delta Dental Premier. Please see the following options:

Delta Dental Premier Dentists

If you go to a Non-PPO Dentist who participates in Delta Dental Premier, you will be responsible for any difference between the PPO Dentist Schedule amount and the Premier Dentist Schedule amount, in addition to any coinsurance, deductible, and charges for non-covered services.

Nonparticipating Dentists

If you choose a dentist who does not participate in either program, or is an out of country dentist, you will be responsible for any difference between the PPO Dentist Schedule amount and the dentist's submitted

fee, in addition to any coinsurance, deductible, and charges for non-covered services.

To find out if your dentist participates with Delta Dental, call Delta Dental's Customer Service Department at **800-345-8756**, access Delta Dental's online dentist directory (www.DeltaDentalMI.com/MPSEERS), or ask your dentist if they participate with Delta Dental.

Submitting Claims

Delta Dental does not require special claim forms. Participating dentists will fill out and submit your dental claims for you. If you seek services from a nonparticipating dentist, you or someone in the dental office must fill out the following member information on the claim form:

- ◆ The subscriber's (pension recipient's) full name and address.
- ◆ The Subscriber ID number.
- ◆ The name and date of birth of the covered person receiving dental care.
- ◆ The client name (Michigan Public School Employees' Retirement System Dental Plan) and the client number (3250).

If your dentist is not familiar with This Plan or has any other questions regarding This Plan, have the dentist call Delta Dental at **800-524-0149** or write to:

Delta Dental of Michigan
P.O. Box 9089
Farmington Hills, MI 48333-9089

Claims Deadline and Time of Payment

Because the amount of your benefits is not conditioned on a pre-treatment estimate decision by Delta Dental, all claims under This Plan are post-service claims. All claims for benefits must be filed with Delta Dental within one year of the date the services were completed. Once a claim is filed, Delta Dental will make a decision on it within 30 days of receiving it. If there is not enough information to process your claim, Delta Dental will notify you or your dentist within 30 days. The notice will (a) describe the information needed, (b) explain why it is needed, (c) request an extension of time in

which to process the claim, and (d) inform you or your dentist that the information must be received within 45 days, or your claim will be denied. You will receive a copy of any notice sent to your dentist. Once Delta Dental receives the requested information, it has 15 days to make a decision on the outcome of your claim. If you or your dentist does not supply the requested information, Delta Dental will have no choice but to deny your claim. Once Delta Dental makes a decision on the outcome of your claim, it will notify you within five days.

Authorized Representative

You may also appoint an authorized representative to deal with Delta Dental on your behalf with respect to any benefit claim you file or any review of a denied claim you wish to pursue (see the Claims Appeal Procedure section). You should call Delta Dental's Customer Service department, toll-free, at **800-345-8756**, or write them at P.O. Box 9089, Farmington Hills, MI 48333-9089, to request a form to designate the person you wish to appoint as your representative. While in some circumstances your dentist is treated as your authorized representative, generally Delta Dental only recognizes the person whom you have authorized on the last dated form filed with Delta Dental. Once you have appointed an authorized representative, Delta Dental will communicate directly with your representative and will not inform you of the status of your claim. You will have to get that information from your representative. If you have not designated a representative, Delta Dental will communicate directly with you.

HOW PAYMENT IS MADE

Whether your dentist is a PPO Dentist or not, Delta Dental will base its payment on the lesser of the submitted amount or the PPO Dentist Schedule.

Delta Dental will send payment directly to participating dentists and you will be responsible for any applicable coinsurance,

deductible, or charges for non-covered services.

If your dentist is not a PPO Dentist, but is a Premier dentist, you will also be responsible for any difference between the PPO Dentist Schedule amount and the Delta Dental Premier Dentist Schedule amount for covered services, in addition to coinsurance, deductible, and charges for non-covered services. Unless prohibited by state law, you will be responsible for the maximum approved fee for most commonly performed non-covered services. For other non-covered services, you will be responsible for the dentist's submitted amount.

For covered services rendered by a nonparticipating dentist or out-of-country dentist, Delta Dental will usually send payment to you, and you will be responsible for making full payment to the dentist. You will be responsible for any difference between Delta Dental's payment and the dentist's submitted amount.

PRE-TREATMENT ESTIMATE

A pre-treatment estimate is not required to receive payment, but it allows claims to be processed more efficiently and allows you to know what services may be covered before your dentist provides them. You and your dentist should review your pre-treatment estimate notice before treatment. Once treatment is complete, the dental office will submit a claim to Delta Dental for payment.

LIMITATIONS

The benefits for the following services or supplies are limited as follows. All charges for services or supplies that exceed these limitations will be your responsibility. All time limitations are measured from the actual date (i.e., to the day) of the applicable prior dates of services in our records with any Delta Dental Plan.

1. Bitewing X-rays are payable once per calendar year for adults or twice per calendar year for People under the age of 19.
2. Panoramic or full mouth X-rays (which include bitewing x-rays) are payable once in any five-year period unless necessary

for the diagnosis and treatment of a specific disease or injury.

When medically necessary following specific periodontal procedures, cleanings may be provided up to four times in the 12 consecutive months immediately following the completion date of the periodontal treatment plan. Full mouth debridement is payable only once in a lifetime. In addition, implant maintenance procedures are payable twice per calendar year.

To determine payment eligibility for the two additional cleanings, Delta Dental researches the previous 12 months of each patient's periodontal history. If the patient has received qualifying periodontal treatment within that 12-month period, that patient will then be eligible for the payment of the two additional cleanings.

5. Patient screening is payable once per calendar year.
6. Preventive fluoride treatments are payable twice per calendar year for people under age 21.

20. When services in progress are interrupted, Delta Dental will not issue payment for any incomplete services; however, Delta Dental will calculate the maximum approved fee that the dentist may charge you for such incomplete services, and those charges will be your responsibility. In the event the interrupted services are completed later by a dentist, Delta Dental will review the claim to determine the amount of payment, if any, to the dentist in accordance with Delta Dental's policies at the time services are completed.
21. Care terminated due to the death of an eligible person will be paid to the limit of Delta Dental's liability for the services completed or in progress.
22. COORDINATION OF BENEFITS

When you or your enrolled dependent is covered under more than one group plan providing dental expense coverage, a duplication of benefits can result. The Coordination of Benefits (COB) provision determines the correct order of liability and ensures that payment is made at This Plan's approved amount. The plans work together, usually without involving the patient. Your retirement system uses "carve out" Coordination of Benefits.

For eligible person(s) having more than one dental plan, if this Dental Plan is the secondary dental benefit carrier, Delta Dental will pay for covered services up to the amount payable under This Plan, minus the amount paid by the primary dental benefit carrier. The combined payments from both primary and secondary carriers will cover up

to, but not more than, This Plan's coverage level for the service.

For example:

Procedure:
Cleaning
Sample allowed amount:
\$100
Your spouse's plan is primary:
The \$100 allowed amount is reduced by the primary plan's 50% coinsurance (50% of \$100, or \$50) and the primary plan pays \$50.
Your retirement system plan is secondary with a 5% coinsurance:
Without other coverage, your retirement system's plan would have reduced the \$100 allowed amount by your 5% coinsurance (5% of \$100, or \$5) and paid \$95. Since another plan is primary, the \$95 is reduced by the \$50 primary plan payment and your retirement system plan pays \$45.
Your out-of-pocket costs:
\$5 You are responsible for the remaining balance once the dental plans have coordinated.

You must submit your bills to the primary plan first. The primary plan must pay its full benefits as if you had no other coverage. If the primary plan denies your claim or does not pay the full bill, you may then submit the remainder of the bill to the secondary plan.

Delta Dental needs certain facts to apply these COB rules, and it has the right to decide which facts it needs. It may get needed facts from or give them to any other organization or person. Delta Dental need not tell or get the consent of any person to do this. Each person claiming benefits under This Plan must give Delta Dental any facts it needs to pay the claim.

If Delta Dental pays more than it should have paid under this COB provision, it may recover the excess from one or more of the following:

1. The people it has paid or for whom it has paid.
2. Insurance companies.
3. Other organizations.

Payment includes the reasonable cash value of any benefits provided in the form of services.

SUBROGATION

If Delta Dental provides benefits under this certificate and you have a right to recover damages from another, Delta Dental is subrogated to that right.

To the extent that This Plan provides or pays benefits for covered services, Delta Dental is subrogated to any right you or your eligible dependent has to recover from another party, their insurer, or under their “Medical Payments,” coverage or any “Uninsured Motorist,” “Underinsured Motorist,” or other similar coverage provisions. You or your legal representative must do whatever is necessary to enable Delta Dental to exercise its rights and do nothing to prejudice them.

If you or your eligible dependent recovers damages from any party or through any coverage named above, you must reimburse Delta Dental from that recovery to the extent of payments made under This Plan.

CLAIMS APPEAL PROCEDURE

If you receive notice of an adverse benefit determination and you think that Delta Dental incorrectly denied all or part of your claim, you or your dentist should contact Delta Dental’s Customer Service department and ask them to check the claim to make sure it was processed correctly. You may do this by calling the toll-free number, **800-345-8756**, and speaking to a telephone advisor. You may also mail your inquiry to the Customer Service Department at P.O. Box 9089, Farmington Hills, MI 48333-9089.

When writing, please enclose a copy of your Explanation of Benefits and describe the problem. Be sure to include your name, telephone number, the date, and any information you would like considered about your claim. This inquiry is not required and should not be considered a formal request for review of a denied claim. Delta Dental provides

this opportunity for you to describe problems or submit an explanation or additional information that might indicate your claim was improperly denied, and allow Delta Dental to correct any errors quickly and immediately.

Formal Claims Appeal Procedure

Whether or not you have asked Delta Dental informally, as described above, to recheck its initial determination, you can submit your claim to a formal first level appeal through the claims appeal procedure described here. To request a formal review of your claim, send your request in writing to the claims administrator:

**Dental Director
Delta Dental
PO Box 30416
Lansing, MI 48909-7916**

Please include your name and address, the Subscriber's Member ID number (Social Security number or Delta Dental Subscriber or Member ID number on your ID card), the reason you believe your claim was wrongly denied, any other information you believe supports your claim, and indicate in your letter that you are requesting a formal appeal of your claim. You also have the right to review This Plan and any documents related to it. If you would like a record of your request and proof that it was received by Delta Dental, you should mail it certified mail, return receipt requested.

You or your authorized representative should seek a review as soon as possible, but you must file your first level appeal within 180 days of the date on which you receive your notice of the adverse benefit determination you are asking Delta Dental to review. If you are appealing an adverse determination of a concurrent care claim, you should do so as soon as possible so that you may receive a decision on review before the course of treatment you are seeking to extend terminates.

In filing the appeal, you will be provided, upon request and free of charge, reasonable access to and copies of, all documents, records, and other information relevant to your claim for benefits. For this purpose, a document record or other information will be considered relevant if it was relied upon in making the benefit determination, was submitted, considered, or

generated in the course of making the benefit determination, or constitutes a statement of This Plan or guidance with respect to This Plan concerning the denied treatment option or benefit.

The Dental Director or any other person(s) reviewing your claim will not be the same as, nor will they be subordinate to, the person(s) who initially decided your claim. The Dental Director will grant no deference to the prior decision about your claim. Instead, they will assess the information, including any additional information that you have provided, as if they were deciding the claim for the first time.

If the Dental Director's adverse determination is based on an assessment of medical or dental judgment or necessity, the notice of their adverse determination will explain the scientific or clinical judgment on which the determination was based or include a statement that a copy of the basis for that judgment can be obtained upon request at no charge. If the Dental Director consulted medical or dental experts in the appropriate specialty, the notice will include the name(s) of those expert(s).

If the first level appeal is denied, you may submit a request for a second level appeal. The request must be made in writing within 60 days following the denial of the first level appeal. The second level appeal will be a managerial level conference to discuss the details of your appeal. When submitting your request, please provide your contact information so that a conference can be scheduled. Upon completion of the conference, Delta Dental will notify you in writing of the outcome of the appeal. The notice of an adverse benefit determination during the formal claims appeal procedure will meet the requirements described below.

Manner and Content of Notice

Your notice of an adverse benefit determination will inform you of the specific reasons(s) for the denial, the pertinent plan provisions(s) on which the denial is based, the applicable review procedures for dental claims, including time limits and that, upon request, you are entitled to access all documents, records, and other information

relevant to your claim free of charge. This notice will also contain a description of any additional materials necessary to complete your claim, an explanation of why such materials are necessary, and a statement that you have a right to bring a civil action in court if you receive an adverse benefit determination after your claim has been completely reviewed according to this formal claims appeal procedure. The notice will also reference any internal rule, guideline, protocol, or similar document or criteria relied on in making the adverse benefit determination and will include a statement that a copy of such rule, guideline, or protocol may be obtained upon request at no charge. If the adverse benefit determination is based on a matter of medical judgment or medical necessity, the notice will also contain an explanation of the scientific or clinical judgment on which the determination was based, or a statement that a copy of the basis for the scientific or clinical judgment can be obtained upon request at no charge.

TERMINATION OF COVERAGE

Delta Dental will not continue eligibility for any person covered under This Plan beyond the eligibility termination date requested by ORS. A person whose eligibility is terminated may not continue group coverage under This Plan, except as required by the continuation coverage provisions of the Consolidated Omnibus Budget Reconciliation Act of 1985 (COBRA) or comparable, non-preempted state law.

Your Delta Dental coverage may automatically terminate:

- ◆ When Delta Dental is notified to terminate your coverage.
- ◆ On the first day of the month for which This Plan has failed to pay Delta Dental.
- ◆ For fraud or misrepresentation in the submission of any claim.
- ◆ For your dependent, when they no longer qualify as an eligible dependent.
- ◆ For any other reason stated in the contract between Delta Dental and ORS.

CONTINUATION OF COVERAGE

This Dental Plan complies with provisions under COBRA and the Health Insurance Portability and Accountability Act of 1996 (HIPAA). If your coverage would otherwise end, you and/or your covered eligible dependents have the right under certain circumstances to continue coverage in This Plan, at your expense, beyond the time coverage would normally end.

When is Plan Continuation Coverage Available?

Continuation coverage is available if your coverage or a covered eligible dependent's coverage would otherwise end because:

1. You do not qualify as an enrollee as set forth in your certificate.
2. You are divorced or legally separated.
3. You die.
4. Your child is no longer eligible to be a covered eligible dependent (for example, because they turn 19).
5. You become enrolled in Medicare (if applicable).
6. You are called to active duty in the armed forces of the United States.
