If the group has risk-consolidated billing, the dental and vision billing will show on the same invoice.

Do members need an ID card?

An ID card, or Member Vision Card, isn't required for members to receive services or care. Members simply call a VSP network provider to schedule an appointment and tell them that they're a VSP member. The network provider and VSP handle

the rest. If a member wishes to have an ID card, they can create an account and log in at vsp.com to download to their digital wallet, save, print or email one.

How do members obtain a list of VSP network providers?

- They should visit vsp.com or contact VSP at 800-877-7195. Clients registered for the Manage Your Plan section at vsp.com can download customized VSP network provider lists as PDF or Excel files.
- Members and dependents have instant access through vsp.com to check coverage and eligibility, find a VSP network provider and learn more about eye care wellness.

How do members collect reimbursement after visiting an out-of-network provider?

When services and/or materials are obtained from an out-of-network provider, members have two reimbursement choices:

1. Most out-of-network providers will submit a request for reimbursement on behalf of VSP members. This means members won't need to pay their entire bill upfront and will only be responsible for paying applicable copays and any balance above their out-of-network schedule.
2. Members can pay the provider directly and submit a claim to VSP for reimbursement, using the following procedure:
 - A. Visit the Benefits & Claims section of vsp.com to begin a claim.
 - B. The member should fill out the claim form completely and submit an itemized receipt or statement that includes:

- Name of doctor or office
- Name of patient
- Date of service
- Complete description and amount paid for each service

C. Submit claims online at vsp.com or mail to:

VSP

Attn: Claims Services

PO Box 495933

Cincinnati, OH 45249-5918

Please note that claims for reimbursement must be filed within 12 months of the date of service. Members will be reimbursed according to the out-of-network reimbursement schedule.

What does “exam/lens/frame frequency” mean?

Your vision benefits utilize a plan or service year frequency, which is specific to the individual member and not everyone with a specific plan. Using an example of Dec. 12, 2024, here is a breakdown of what those frequencies represent:

- **Exam:** 12 months. The member is eligible to receive coverage for an exam service 12 months after their last submitted claim for an exam service.
- **Lens:** 12 months. The member is eligible to receive coverage for glasses lenses or elective contact lenses 12 months after their last submitted claim for glasses lenses or elective contact lenses allowance.
- **Frame:** 24 months. The member is eligible to receive coverage for frames 24 months after their last submitted claim for a frame allowance.
